

RECYCLING FUND PROJECT

Soc Trang, 31st December, 2023

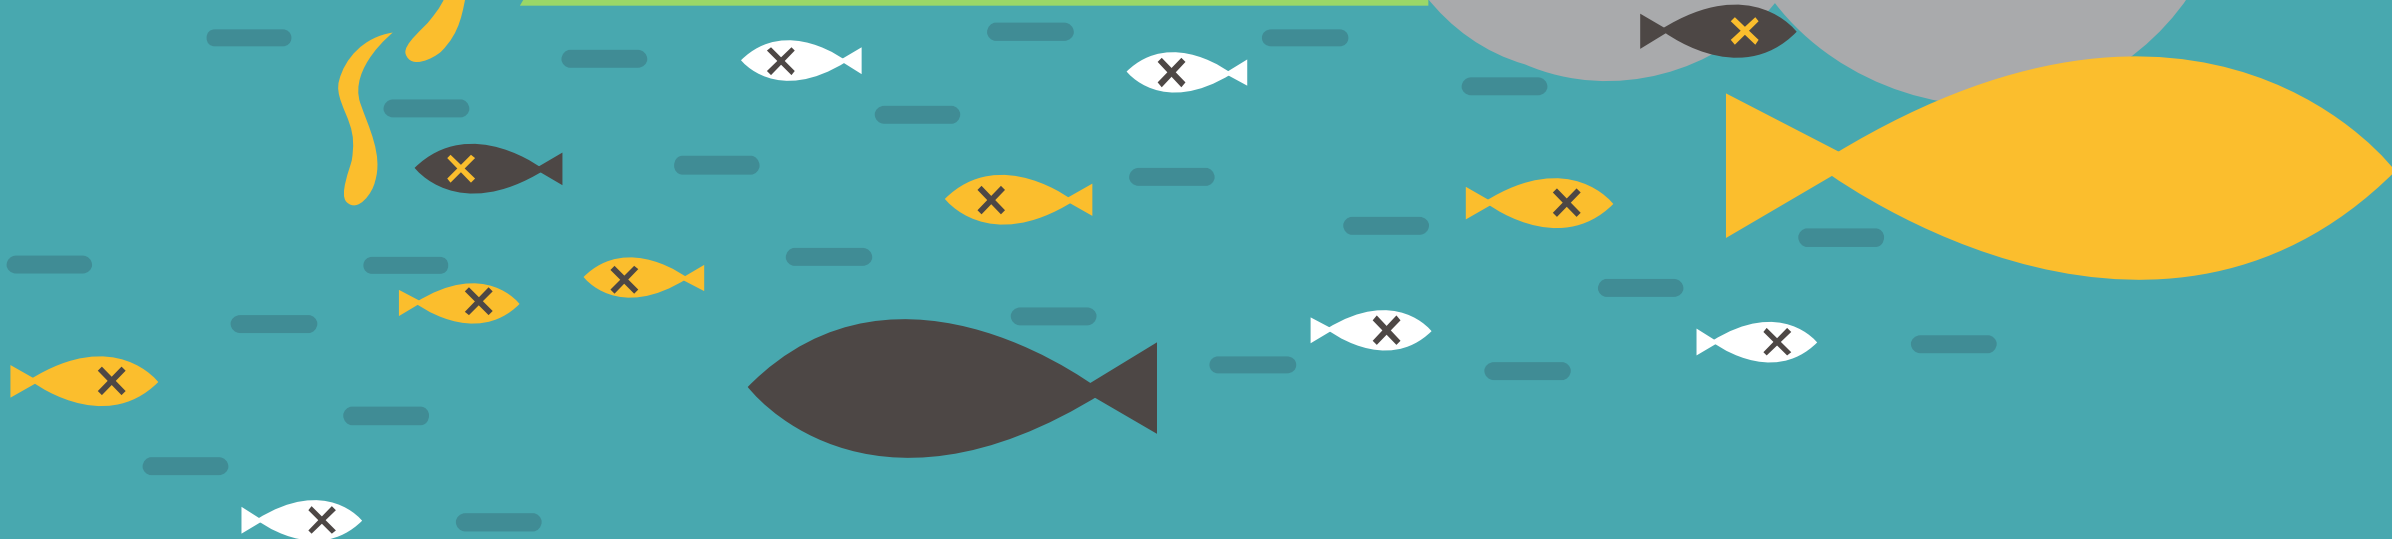

Khang An Foods

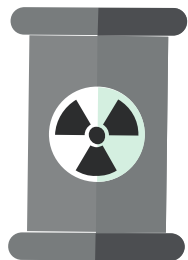

I. OBJECTIVE

Raise fund for the entire company, encourage teamwork and raise people's awareness, helping to better the community by cleaning up trash. Also contribute to Khang An Foods' sustainable development goals.

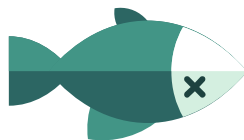

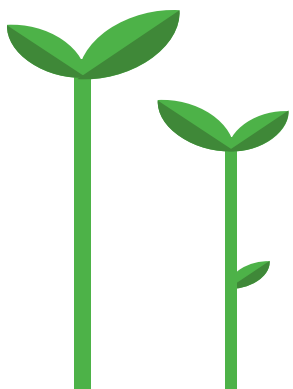

II. CONTENT

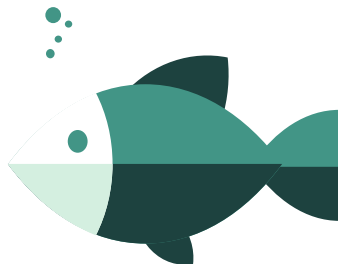

CHALLENGE

Newly recruited workforce is not yet familiar with the classification process, despite the thorough training provided prior to their employment.

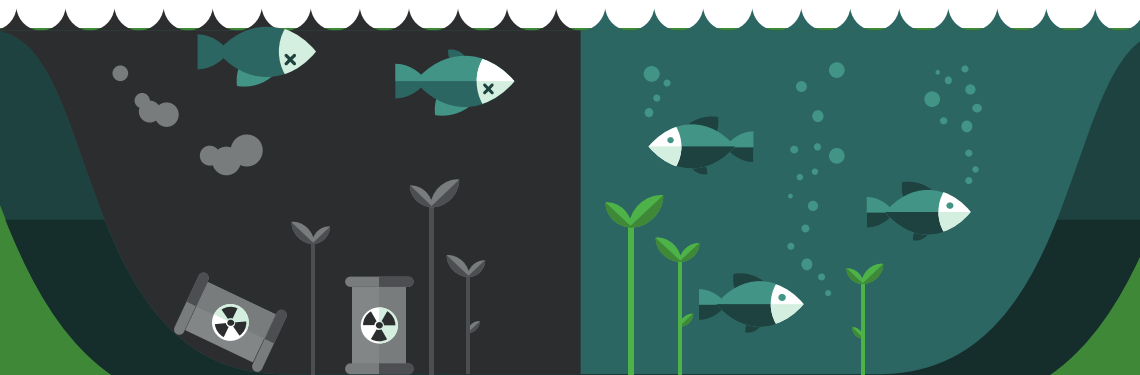

ADVANTAGE

Regularly inspected and supervised by Board of Manager, to motivate and ensure determination in implementing thorough waste classification.

CHALLENGE

ADVANTAGE

Khang An Foods

Encouraging Waste Classification

The fund focuses on encouraging people to engage in waste sorting at site.

Training programs, events, and interactive activities are organized to enhance understanding of the recycling process and its positive impacts on the environment.

Gift Giving and Raising Awareness

The fund will be summarized annually and used to give small gifts or cash as an incentive to increase awareness, and proper environmental preservation actions of all KAF members.

Annual Activities

Year-end review:

Annually, the fund will hold a year-end review to announce the results and achievements of waste recycling activities.

Outstanding individuals and groups in waste sorting will be honored and receive special gifts.

Khang An Foods

100%

Recycling Fund Contributes to
achieving NET ZERO Goals

SUMMARY OVER THE STAGES

Plastic bottles

- In 2022 • 1.576 kg
